

Tribunal Claims Continue to Rocket

Croner

HR • Tax • H&S • Reward

Here is a comparison of tribunal cases for the three months of July to September 2018, compared to the same period in 2017.

The statistics continue to show that claims are increasing following the removal of tribunal fees in July 2017 – this continuing increase is contributing towards the delay for cases to be heard, leaving some employers with a tribunal claim hanging over their business for more than a year.

📊 Headline Statistics

Single claims rocket by **31%** on the same quarter in 2017

↑ **31%**

Unfair dismissal claims have risen by **27%** since last quarter

↑ **27%**

Unfair dismissals also had a year-on-year increase of **32%**

↑ **32%**

Cases facing **12-18 month** delays before being heard

12-18 months
